# Search parts — Homepage

In the 3.0 Catalogue, three ways of search are displayed on the "home page":

- 1、 Search according to any number
- 2、 Search vehicle
- 3、 Search by brands and product groups
- 4、 Universal article

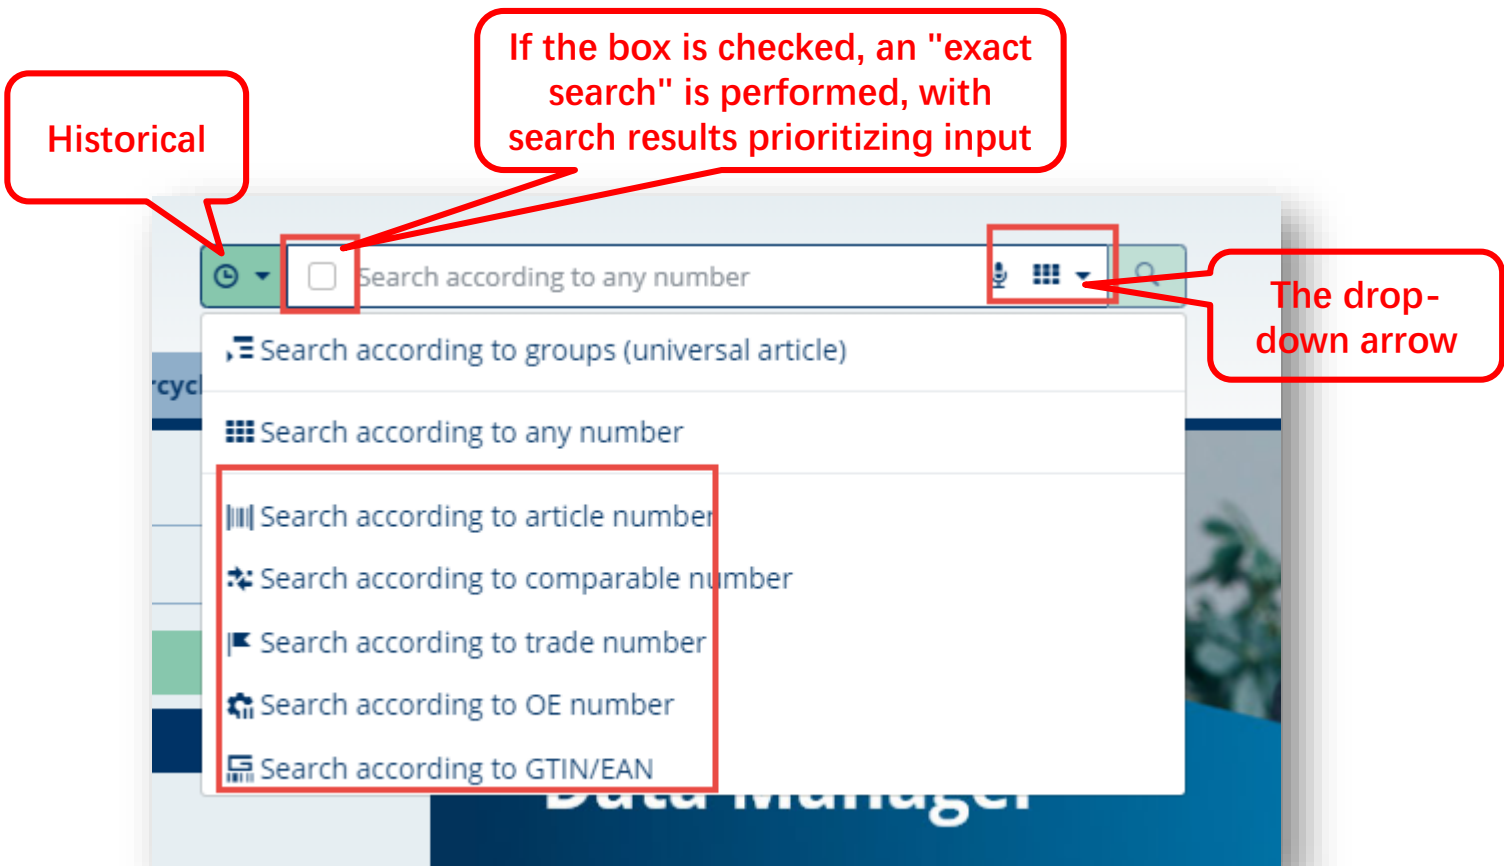

The screenshot shows the TecAlliance TecDoc Catalogue homepage. The search bar at the top is highlighted with a red box and labeled '1'. Below it, the navigation menu includes 'Passenger car', 'Commercial vehicle', 'LCV', 'Motorcycles', 'Axles', 'Engines', 'Universal', and 'RMI'. The 'Select vehicle' section is highlighted with a red box and labeled '2', showing a search for an Audi 80. The 'Search by brands and product groups' section is highlighted with a red box and labeled '3', showing a search for a brand and product group. The 'Search by vehicle identification' section is also visible. The 'Universal article' section is highlighted with a red box and labeled '4', showing three articles: 'Brake System', 'Compressed-Air System', and 'Engine'. A 'Digital aftermarket news' section is also visible on the right side of the page.

# Search parts — Homepage

1、 Search according to any number : In the box below, enter any number and click search.

Click the drop-down arrow to toggle “search according any number” or “search according to groups category”, and you can specify the number type of search at the same time.

# Search parts — Homepage

Display search results based on input; Meanwhile, search results can be displayed in the following ways: Compacted view, Default view, and Expanded view (with pictures).

Click the drop-down arrow to toggle the way search results are presented

Click the "camera" icon to view the product picture

Click the icon to see the corresponding OE number of the product

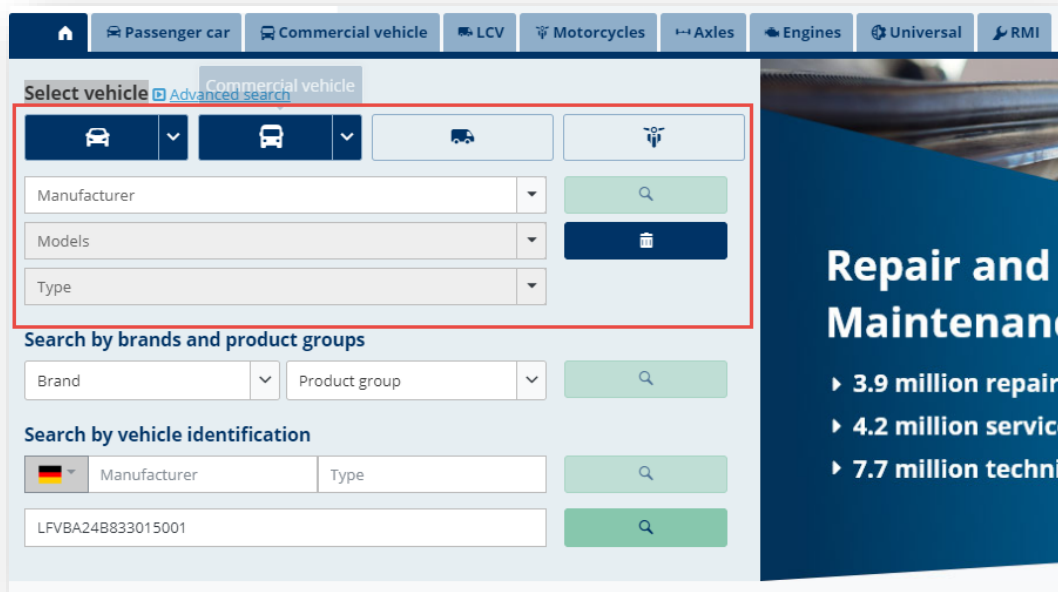

The Filter button helps you make a precise search in your search results

In filters, you can further select number type, brand, and product group

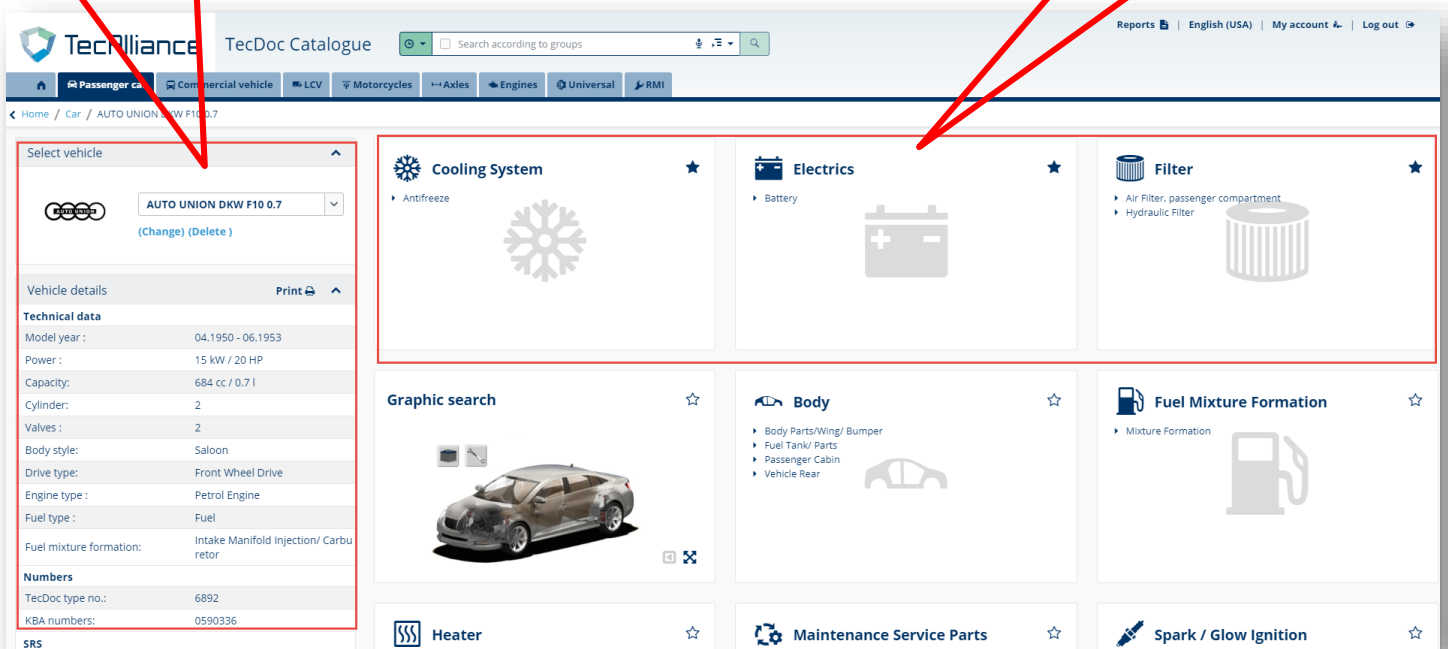

# Search parts — Homepage

2、 **Select vehicle** : In the following interface, select the vehicle to search according to "manufacturer", "models" and "Type". You can search the basic information of this vehicle and adaptive parts information.

Vehicle information

Adaptive parts information

# Search parts — Homepage

Click different parts to view more detailed parts information.

# Search parts — Homepage

3、 Search by brands and product groups : Direct selection of brand and product group, you can search the relevant parts.

The screenshot shows the TecAlliance TecDoc Catalogue homepage. At the top, there is a search bar with the text "Search according to any number". Below the search bar, there are navigation tabs for "Passenger car", "Commercial vehicle", "LCV", "Motorcycles", "Axles", "Engines", "Universal", and "RMI". The "Passenger car" tab is selected. Underneath, there is a "Select vehicle" section with a dropdown menu showing "AUDI" and a search button. Below that, there is a "Search by brands and product groups" section, which is highlighted with a red box. This section contains two dropdown menus for "Brand" and "Product group", and a search button. Below this, there is a "Search by vehicle identification" section with a dropdown for "Manufacturer" (showing a German flag) and a text input field containing "LFVBA24B833015001". To the right of the search interface, there is a blue banner with the text "Repair and Maintenance Inform" and three bullet points: "3.9 million repair manuals", "4.2 million service plans with", and "7.7 million technical data".

The Filter button helps you make a precise search in your search results

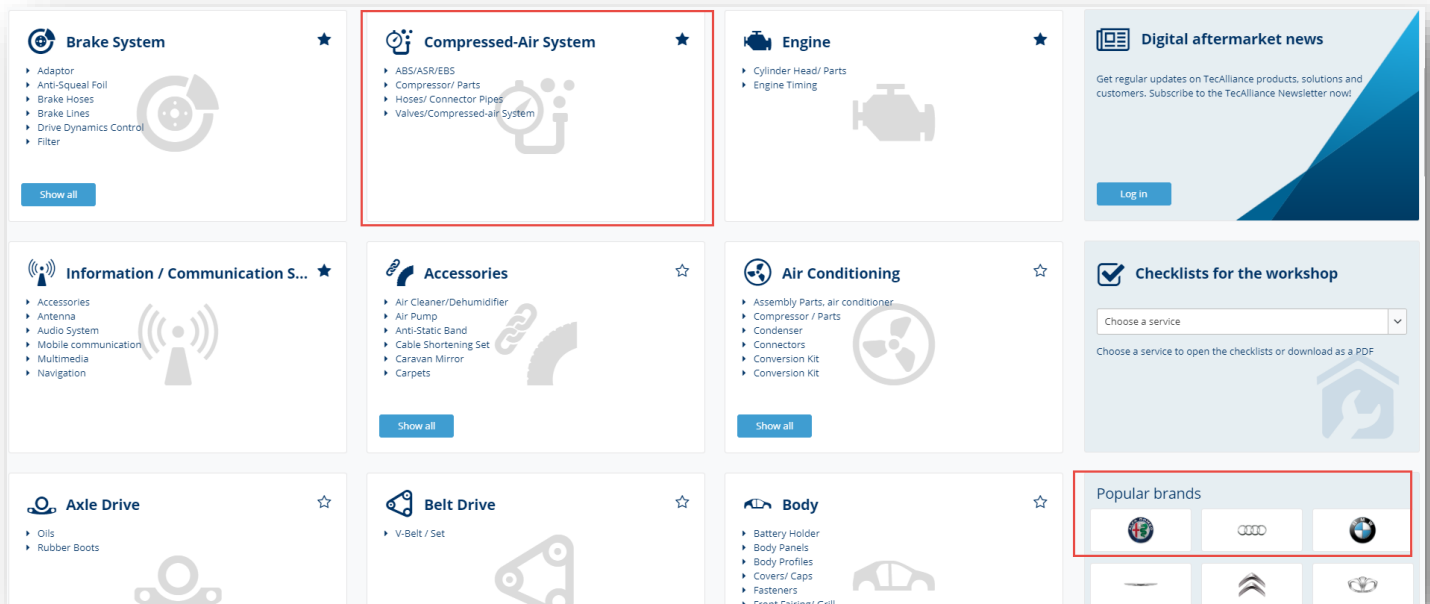

The screenshot shows the search results page for "Air Filter (1331)". The page displays a list of search results with columns for "Brand", "Graphics", "Article number", "Description", and "Article status". The first result is "Air Filter" with article number "CAF100101R". The description includes "Height: 48 mm; Inner Diameter: 175 mm; Outer diameter: 245 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100101R". The status is "Normal". The second result is "Air Filter" with article number "CAF100102R". The description includes "Height: 63 mm; Inner Diameter: 218 mm; Outer diameter: 277 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100102R". The status is "Normal". The third result is "Air Filter" with article number "CAF100103R". The description includes "Height: 49.5 mm; Inner Diameter: 202 mm; Outer diameter: 270 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100103R". The status is "Normal". The fourth result is "Air Filter" with article number "CAF100104R". The description includes "Height: 58 mm; Inner Diameter: 175 mm; Outer diameter: 245 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100104R". The status is "No longer supplied". The fifth result is "Air Filter" with article number "CAF100105R". The description includes "Height: 61 mm; Inner Diameter: 199 mm; Outer diameter: 257 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100105R". The status is "Article to be discarded". The sixth result is "Air Filter" with article number "CAF100106R". The description includes "Height: 63 mm; Inner Diameter: 182 mm; Outer diameter: 231 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100106R". The status is "Normal". The seventh result is "Air Filter" with article number "CAF100107R". The description includes "Height: 50 mm; Inner Diameter: 156 mm; Outer diameter: 203 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100107R". The status is "Normal". The eighth result is "Air Filter" with article number "CAF100108R". The description includes "Height: 50 mm; Inner Diameter: 173 mm; Outer diameter: 230 mm; Filter Type: Filter Insert" and "Trade numbers: CAF100108R". The status is "Article to be discarded". At the bottom of the page, there is a pagination bar showing "1 to 25 of 1331" and a "Filter" button. The footer contains the text "© 2019 TecAlliance GmbH" and various social media icons.

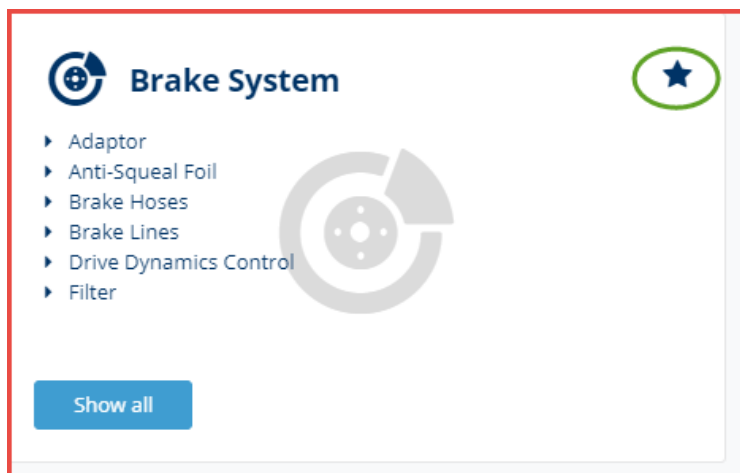

# Search parts — Homepage

4、 **Universal article** : Click on the name to search for a particular type of parts, and the Filter button helps you make a precise search in your search results

Click to enter the relevant parts information of this product group

Click "star" to mark the product group, which will be displayed first.

# Search parts — Other search ways

The 3.0 catalog also provides more specific search ways in the navigation bar: passenger vehicles, commercial vehicles, LCV, motorcycles, Axle, Engines, Universal, RMI (RMI Currently unavailable) .

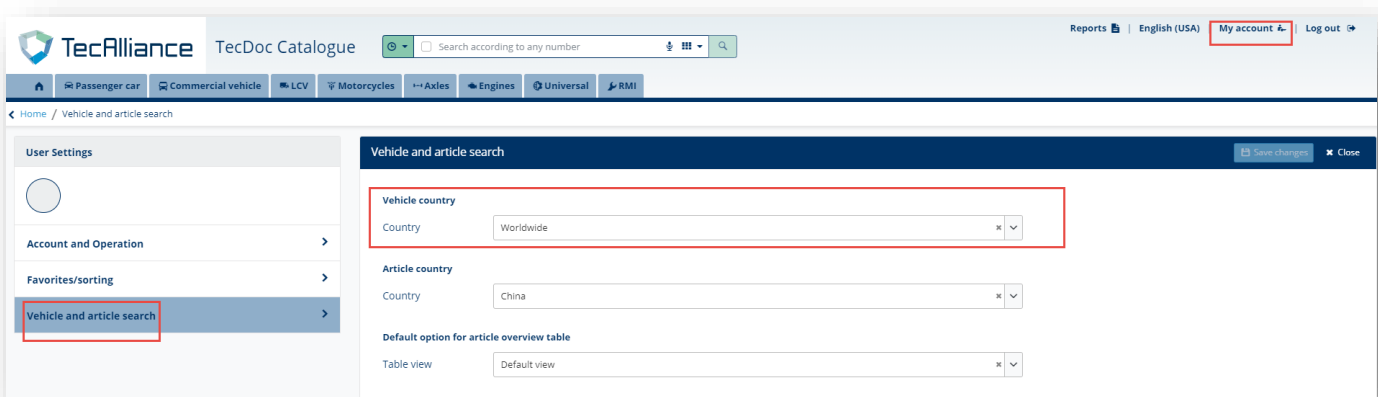

The screenshot displays the TecAlliance TecDoc Catalogue interface. At the top, there is a search bar with the text "Search according to any number" and a search icon. Below the search bar is a navigation bar with several tabs: "Passenger car", "Commercial vehicle", "LCV", "Motorcycles", "Axles", "Engines", "Universal", and "RMI". A red box highlights the navigation bar. Below the navigation bar, there are several search options: "Select vehicle" with a dropdown menu, "Search by brands and product groups" with "Brand" and "Product group" dropdowns, and "Search by vehicle identification" with a "Manufacturer" dropdown and a "Type" text input. The "RMI" tab is currently selected. On the right side of the interface, there is a blue banner with the text "Repair and Maintenance Information" and a list of statistics: "3.9 million repair manuals", "4.2 million service plans with 22.8 million v", and "7.7 million technical data".

You can choose the appropriate search way according to your usage habits.

# Other function description

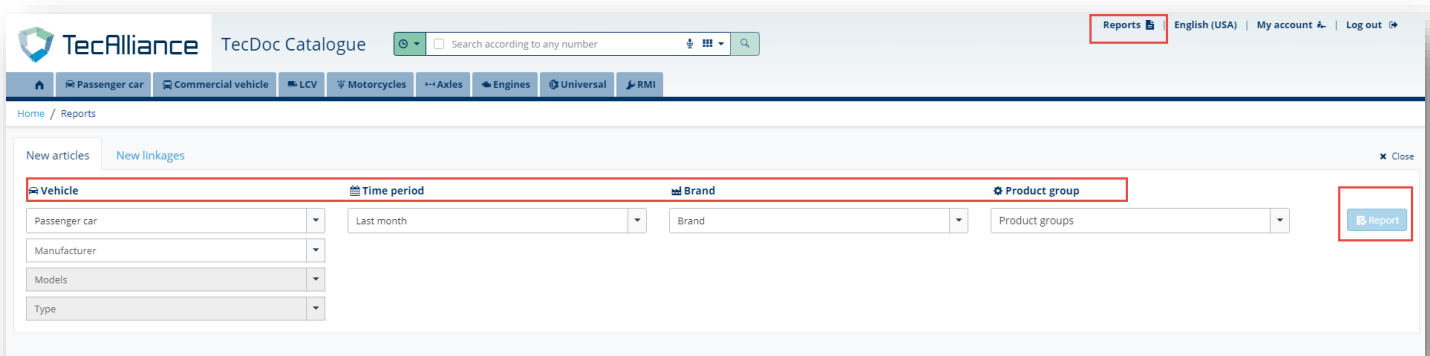

## 1、 “My account” :

“My account” → “Vehicle and article search” You can change the vehicle country

## 2、 Reports

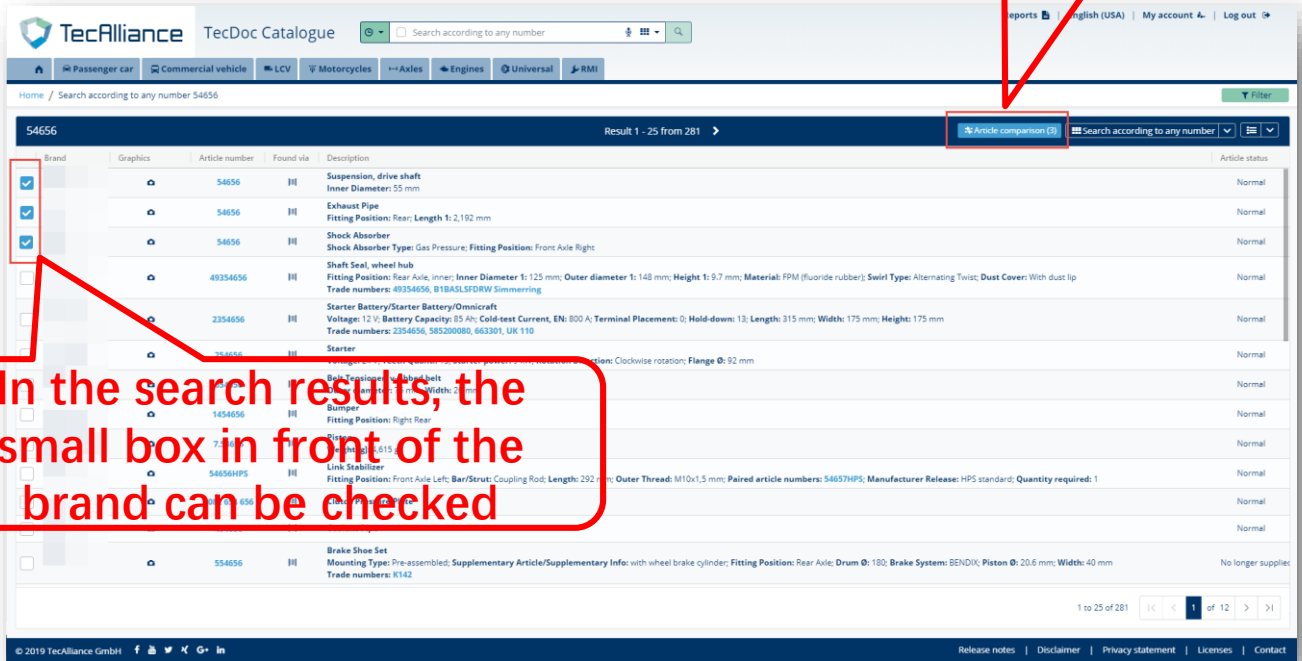

Through this function, you can search and print the updated parts information of a certain brand within the time of your choice, and you can find the specified vehicle and product group.

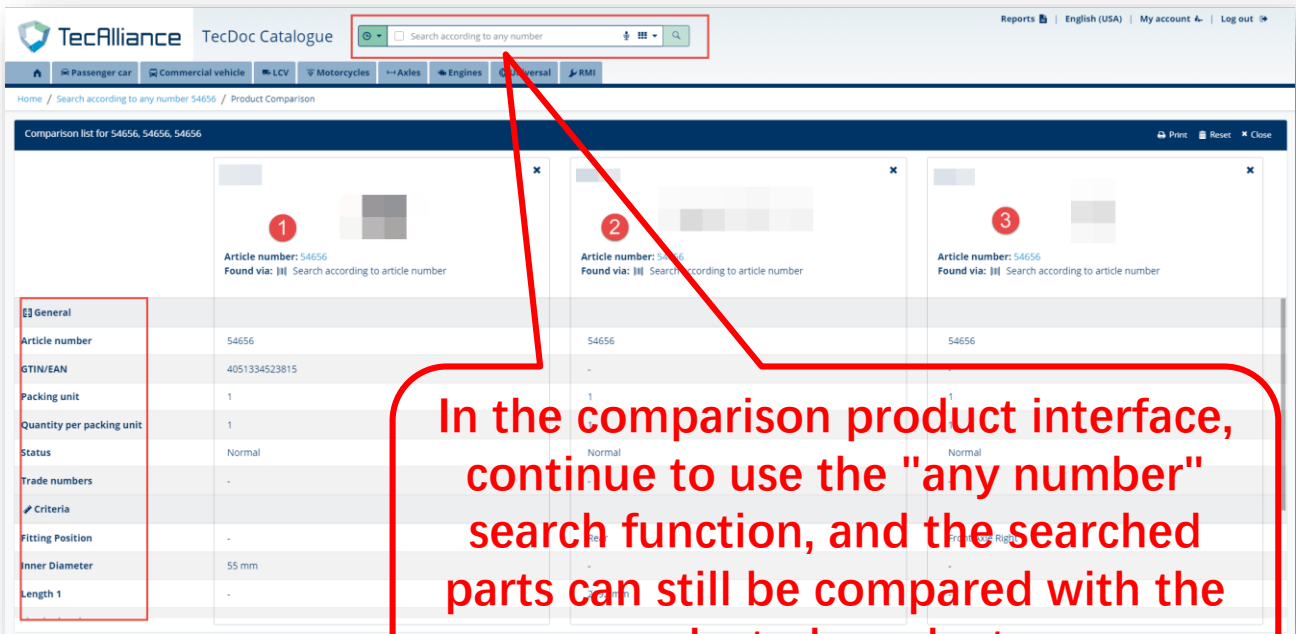

# Other function description

3、 “Article comparison” :  
 Search for parts, can be compared.

When you're done,  
 click compare.

In the search results, the small box in front of the brand can be checked

In the comparison product interface, continue to use the "any number" search function, and the searched parts can still be compared with the selected products
