

TecDoc Global Catalogue 3.0 Direction

Content

1. <u>Login</u>

2. Search function

3. Other functions

1. Login

(1) Log in through TecAlliance online shop: "My

account"→ "My web licenses"→ "Login V3"

(Click no response please try to change the browser)

(2) Log in directly through the link:

https://web.tecalliance.net/tecdocsw/qa/login

2. Search function

TecDoc catalog search methods are mainly divided

into two types:

(1) Parts search (Search according to any number\Search

by brands and product groups\Universal article), as

shown :1, 4, 5

(2) Vehicle search (Manual search\Vehicle

identification), as shown: 2, 3

1 Search according to any number: In the box below, enter any number and click search.

Click the drop-down arrow to toggle "search according any number" or "search according to groups category", and you can specify the number type of search at the same time

Display search results based on input; Meanwhile, search results can be displayed in the following ways: Compacted view, Default view , and Expanded view (with pictures).

Select vehicle: In the following interface, select the vehicle to search according to "manufacturer", "models" and "Type". You can search the basic information of this vehicle and adaptive parts information.

(5) Shopping cart

The current version of the TecDoc catalog does not support the customer online ordering function. You can generate a list of the products in your shopping cart and download or print it out.

The order function can be customized and implemented with TecAlliance solution "White-Label Solution & Trade Module" (B2B Web Shop solution).

Please contact our for more details if needed.
